NB: Strong, durable plastic **book covers** (for exercise books) will be available from the class teachers at a cost of **R4,00 per cover**. We strongly recommend that parents purchase these covers, as they are “user friendly” and will save time and further expense later.

Each learner will require **ONE ring binder file**. (**Our bookshelves have been made specifically for files with a 32 cm spine**). (Would you be so kind as to check that height is correct as there are also files which are 35cm in height.) Learners must **cover the file with paper, put their names on the spine** and then neatly **cover it with plastic**. It would be appreciated if your child has the file from day one so that they do not get behind when we organise the files. It is **NOT** necessary to buy a homework diary as we provide one.

#### PLEASE NOTE THE FOLLOWING:

- 1 Please cover all books/files with paper and plastic / plastic covers.
- 2 **NO Tippex** allowed.
- 3 Please mark **ALL stationery** clearly. **Scratch your name** onto scissors, calculators etc. as these items are often identical to those of classmates. **NO borrowing** of stationery will be allowed as these items are becoming more and more expensive.
- 4 The filing system works well if the pages are ring-reinforced and it is therefore very important that learners do not run out of ring-reinforcements. They should manage with one box for the year IF they do not waste them!
- 5 Afrikaans as a second language is becoming more of a problem with English speaking learners as many of them seldom speak or read Afrikaans. It is therefore essential that **EVERY learner** has his/her **own ENGLISH/AFRIKAANS dictionary** so that they are able to get full benefit of the lessons. It is very distracting and time consuming to both the learners and educator when dictionaries have to be borrowed.  
**Pharos Skoolwoordeboek** is good. (Oxford skoolwoordeboek has limited vocabulary.)

#### Resource pack:
